Cairo - Egypt

PERSONAL DATA

- NATIONALITY - Egyptian
- DATE OF BIRTH - 22/04/2002
- MARITAL STATUS - Single

EDUCATION

- Student at Faculty of Engineering Forth year, Al- Azhar Uni versity Computers and Systems Engineering (2020 -2025)

Language

- Arabic (OFFICIAL)
- English (Good)

Profile

A skilled Software Engineer specializing in Frontend Development with extensive experience in web technologies such as HTML, CSS, JavaScript, and React.js. Proven track record in leading teams and instructing students in programming. Also, experienced in coordinating digital initiatives. Passionate about problem-solving and performance optimization, always eager to enhance my skills and knowledge in the field.

WORK EXPERIENCE

- Head of Frontend Development IEEE AI Azhar University Student Branch | 2024:** Led the frontend development team, overseeing the implementation of projects using cutting-edge technologies and tools like React.js.
- Instructor of Advanced Java Programming IEEE AI Azhar University Student Branch | 2024:** Delivered advanced Java programming lectures, focusing on enhancing object-oriented programming skills and performance analysis.
- Frontend Instructor | 2024:** Currently working as a frontend instructor, training students in web development using HTML, CSS, JavaScript, and React.js.
- Coordinator with the Digital Cubs of Egypt Initiative | 2024:** Serving as a coordinator, collaborating with various stakeholders to develop training programs aimed at enhancing digital skills among youth.
- Frontend Track (React.js) Student Egypt Digital Pioneers Initiative| 2024:** Currently studying the frontend track, learning to build interactive web applications using the React.js framework.
- Instructor for Advanced Java Programming Az-SENCS AI Azhar University Student Branch | 2023:** Taught advanced Java programming to students, focusing on improving their problem-solving skills and developing robust applications.

- **Frontend Development Trainee ITI Institute | 2023:** Completed the Frontend Scholarship, where I learned to build advanced user interfaces using React.js and modern development tools.
- **Frontend Development Trainee SEF Academy | 2023:** Completed an intensive frontend course, building practical projects using HTML, CSS, and JavaScript.
- **Member for Beginner Java Programming AZEX Al Azhar University Student Branch | 2022:** Participated in workshops and training sessions on Java programming basics, building a solid foundation in software development.
- **Participant in the ICPC Programming Competition ICPC | 2022:** Competed in the International Collegiate Programming Contest (ICPC) for problem-solving using C++, focusing on logical thinking and complex problem-solving.

○ Skills

- Proficiency in using Microsoft Office operating system (Word, Excel, PowerPoint).
- Adapting to the fast-paced environment and the ability to deal with work pressure.
- Ability to adapt to changes and different situations in a spirit of flexibility and confidence.
- Ability to lead and motivate teams to achieve excellent results
- Excellent communication skills that enable me to interact effectively with the team and clients.
- Ability to analyze technical problems and develop effective strategies to solve them.
- Excellent ability to work under time pressure and under changing circumstances.
- Ability to motivate, direct a team and take responsibility.
- A love of learning, a curious mind and a desire to always acquire new skills.
- Focus on details to ensure quality service provided.
